8 VRB 2016 NOTES

(This is a notebook to keep track of VRB changes that are discussed during the year at panel not necessarily changes that have been voted on and are changing)

1. Grading f grade for 2017 VRB for driving of turbo cars procedure and application guidelines review
2. [Minimum Communications Requirements for all Rallies and Trials in Victoria](#)

It is **mandatory** that all special stage and /or 'road closed' events, whether they are rounds of the VRC, VCRS, standalone special stage events, Rally Sprints, or multi club Non-Special Stage Novice, Introductory events, must have radio or suitable communication along the **entire competitive route**.

This may need to be looked at for the wording

3. List of checkers and how they are appointed
4. Section 10 rally scrutiny notes needs review looks to remove handbrake rules for 2017 and if certain things like the RP and RUVF is a scrutiny matter or a panel item
5. How to run pace noted events this is not ruled in the VRB as such but noted in the VRC standing regulations. Maybe we need to have them also in the VRB.
6. Ambulance Victoria contact
7. VRB needs to include a list of scrutineers BW will ask Steven Rowlandson for list to put in
8. Removal of handbrake ruling

9 Trophy Presentations
