MEMORANDUM

To:	**All State Offices**	**cc:**	Adam Blythe
From:	**Peter Lawrence**	**Pages:**	2
Date:	20 December, 2002		
Subject:	Helmet Stickers, 2003		

Dear State Managers, Scrutiny Panel Chairmen

As in previous years, we will be issuing new helmet stickers to the various state offices. As you are aware, every competitor in any CAMS event which requires a helmet must have a sticker on the helmet, although it no longer has to be a current one. We only fit new stickers onto new helmets (or possibly very good old helmets).

Early this year, we printed 4000 stickers, and had to print a further 1500 recently, of which some remain. It would seem to me somewhat unlikely that we have had 5000 new helmets this year (but I might be wrong). I suspect that there are a significant number of 2002 stickers floating around in scrutineers pockets, Stewards kits etc, which will be summarily dumped at the end of the year.

Therefore a charge of $2.00 is to be levied for each helmet sticker issued to a competitor, and they be sold to scrutineers for $1.00, who can subsequently take the $1.00 profit upon sale. This way, we not only cover the $0.30 cost of printing, but we discourage people from taking lots of stickers that they subsequently don't use. At the end of the year, we can refund the monies for unused stickers, and thus get a good idea of how many we are actually using in a year.

Stewards represent CAMS, and a few stickers can be put into Stewards Kits so long as the Stewards are aware of the policy and either return the stickers or money at the completion of the event.

This policy is the same as that currently in place in the UK.

Regards

Peter Lawrence
